

SAN MINIATO EXPERIENCE

Centro EquiEduca Toscana

San Miniato, via Zara 186 sr, vicinale di Aglioni

Horse and Truffle experience

The countryside around San Miniato is full of paths that can be traveled on horseback together with the equestrian guides of the EquiEduca Toscana center. An exciting experience in the saddle of these wonderful animals that you can get to know already from the riding school with the preparation of the saddle and when you return to refresh yourself after exercise. Suitable for adults and children, the excursion can be introduced with a riding lesson in an enclosure.

After the walk, a unique experience of its kind, which evokes sensory, olfactory, culinary and food and wine emotions: together with the truffle hunter and his dog you will go in search of seasonal truffles which you can then taste traditional dishes for a light lunch at the Gazzarrini shop.
